Bret Harte (Lead)
Kizmet
Ascend
Explore (Lead)

We build strong kids, strong families, strong communities.

URBAN SERVICES

Y Urban Services YMCA
Eastlake YMCA | MRB YMCA | Teen Center YMCA
We build strong kids, strong families, strong communities.

Urban Services YMCA

The YMCA of the East Bay has many years of experience as a lead agent, serving in this capacity for larger collaboratives, such as the Explore Middle School Collaborative, Laurel Community Partnership Collaborative and the Bret Harte Community Collaborative. Its governing Board of Directors makes policy and has overall fiscal and programmatic responsibility for the organization. In addition to the YMCA of the East Bay’s internal

oversight and accounting practices, the program director reviews each partner’s budget and invoice prior to being submitted for payment. The YMCA maintains copies of all partner bills, invoices, and payroll documents. The organization’s solid fiscal and management practices have enabled successful programs to thrive in various East Bay communities. The YMCA of the East Bay is a stable community organization

“URBAN SERVICES YMCA is part of a seamless integration of organizations and institutions providing literacy support so that no child or family is left behind.”

with an annual budget of over \$25 million and an internal endowment. The Urban Services YMCA is unlike other youth development agencies in that we are a nonprofit organization deeply rooted in the Oakland community and recognized as an influential community voice focusing on community development through youth development. Our programs are needs responsive with emphasis on personal and social growth through

physical activity, nutrition, character development, and relationship building. We have a proven history of successful collaborations with schools, churches, universities, non profits, city, county and federal agencies where our leadership plays a key role in strengthening the ties between youth, families and the community. In our on-going effort to ensure that children and families in Oakland are

reaching their full potential as speakers, readers, and writers, the Urban Services YMCA is part of a seamless integration of organizations and institutions providing literacy support so that no child or family is left behind. The YMCA is a major partner and advocate in defining and development of community literacy. Together with other organizations, such as Youth Speaks, Learning for Life, Leadership Excellence, Junior League – Super Star Literacy Project, we have created a literacy pipeline, providing support in reading, speaking, listening, and writing from preschool to seniors

EastLake

YMCA StepUp After-School Program

A comprehensive youth and neighborhood development program that uses athletics, literacy and character development activities to teach and develop values, improve physical fitness and nutrition and enhance overall school performance for children in grades K-5.

YMCA Feelin’ Good Program

A fun, effective and health-related physical education program for elementary schools that includes fitness activities, sports, games, learning reinforcement, values, and nutrition education.

YMCA Youth Super Sports leagues

YMCA StepUp youth are given the opportunity to participate in Urban Services YMCA Youth Sports Leagues. School teams are formed during the after-school program and come to the YMCA to participate in weekly league games. Sports offerings include flag football, basketball, baseball, and track and field with an emphasis on character development and sportsmanship.

YMCA Youth & Government Model United Nations program

A simulation of the “real-life” United Nations Assembly. Participants in Model United Nations (MUN) will take part in some of the activities that the real U.N. participates in. Delegates will research, debate and establish policies, treaties and resolutions focusing on international issues, including disputes between countries, peacekeeping responsibilities, border crisis, stabilizing financial markets and dealing with hunger, disease and poverty. Delegations are assigned one or more countries (depending on the number of delegates) that they will represent, and the delegates will research the countries and come to the MUN as delegates from those countries to advocate for change.

First Wave

One segment of a comprehensive and progressive initiative to develop water competent generations that perpetuate and sustain the assets of our bay environment.
